Assessment night rehearsal

Try your own job on the test course before Monday 26 October

RMD Birmingham
Phase 1 hub

Rules for the test.

- Use **Test course 2** only. Never the real Course 1. Every test person is called "... Tester".
- Do your own job, in your own time, on your phone or laptop. Takes about 15 minutes.
- Do not send any email from the hub. Do not use "Remove everything test": Jon does that at the end.
- Not sure which job is yours? Do the one nearest your normal role on the night.

1. Check-in desk

RMD faculty, Directors

1. Hub: **Assessment night**, role **Check-in station**.
2. Tap a test name. They show **Arrived**. Try **Undo** in the bar.
3. Find a retest (attempt 2 or more) and look at what it offers.

Check: a retest does not let you pick a room here. It says RMD faculty pick the room.

2. Runner

any RMD member

1. Hub: **Assessment night**, role **Runner / instructor**. Open a room.
2. On a row showing **Arrived** tap **Collect**. Try **Not answering**, then put them back.
3. Find a retest: note the room shown.

Check: you never choose a room. A retest shows the room as a guide.

3. Assessor, first sit

Assessor faculty, RMD faculty

1. Role **Assessor (first sit)**. Open a room and start an assessment on a test person.
2. Mark each section Pass or not yet. Choose the outcome **Retest tonight**.
3. Tap **Save: Retest tonight**.

Check: the person appears in the Retest pool and on the Flow screen.

4. Assessor, second sit

Senior Faculty, named assessors

1. Role **Assessor (second sit)**. Take on someone referred at attempt 1.
2. Try a person you already assessed at attempt 1: it should refuse.
3. Record only the sections they did not pass, then save.

Check: a different assessor is required, and only the unpassed sections are asked.

5. RMD faculty: Retest pool

Student, Senior Faculty, Directors

1. Role **RMD faculty**, **Retest pool**. Step 1: **Confirm retest + pick room**.
2. Use **Change room**. Open **Edit attempt** on a row, read it, then **Cancel**.
3. Step 5: open **Review and send**, read the draft, close it. **Do not send.**
4. Job **Add or move someone**: look, and try moving one person to another slot.

Check: only CM08, CM09, CM10 and CM11 are offered for a retest. Edit attempt asks you to confirm.

6. Planning

Student, Senior Faculty, Directors

1. Door **Planning**. Read the four parts and their status.
2. Open **Assessment allocation**. Look at the four steps. **Stop before any email step.**
3. Open the Director-only parts if you can.

Check: a non-Director sees Setup and Readiness greyed and marked Director only.

7. Big screens

anyone with the link

1. Open the **Flow screen** and the **Results screen** from the hub.
2. Press **Full screen**. Watch the dots move as others record things.

Check: full screen opens and closes. Flow screen never shows names.

Then tell Jon: which job you did, anything that was unclear or slow, and a screenshot of anything odd. If you see "permission denied", copy the exact words. Reply to Jon.
